

Date	Time Stamp	Topic
8/5/13 (1)	4:29	<p>My nutritionist /acupuncturist thinks highly of you. RNA and DNA are nucleic acids and chlorella contains more nucleic acids than any known food. What's the relationship between how these products work? Or do they accomplish the same end? If chlorella and other greens with their nucleic acids were creating perfect DNA from their interaction. Nothing else like RNA Drops. Both have nucleic acid. But, chlorella doesn't create perfect cells because they don't have the perfect blueprint. She did the mini bottle and noticed the white hairs in her roots were natural. RNA Drops? Can't guarantee that that's what causing it. May have created it. She heard wheat and barley shots did that. Testimonies about change of hair color are common on the Drops.</p>
	8:12	<p>Using the free sample, I have lots more energy. On antibiotics for mycoplasmic infection. Totally cured now. The Magnesium Miracle helps a lot of people with their health. Type of a very small bacteria.</p>
	9:46	<p>Been on Drops - 11 drops 2 x lately - 5 weeks Not experiencing any significant changes. Down with cold and cough symptoms. Nasal congestion and feeling fatigued. Should I take Drops when symptomatic? Dr. Carolyn started out with lots of mucous and nasal congestion. Using contrast to create transition point. Some people can have a healing reaction. Nasal congestion I recommend a Neti Pot. When we want to just have the bliss and nothing else, we are closing our minds to something surfacing to take steps to improve our body. Are you taking the ReAline as well to help move the trash?? ReMag and ReLyte for right minerals - mucous can become thick without right minerals.</p>
	13:30	<p>Hearts Don't Fail, Doctors Fail Son cured of heart failure. Used Future Health Now Encyclopedia.</p>
	15:04	<p>If these formulas can help a person recover 90% of their heart function, should we anticipate not having heart problems. Drug companies are totally setting people up on the tv to get sick so they will buy drugs.</p>
	17:14	<p>Kidney Dialysis Maintaining well without dialysis. Iron only tests not normal. His kidneys do not signal bone marrow to create red cells.</p>

On all products.
How can we raise his iron level.
Dr. Davies we might do another whole blood transfusion.
Procrit injections (hormone) might be a good idea.
Doctors don't understand nutrition.
Angstrom iron - cousin of ReMag - absorbed at the cellular level.
Health Shop 101 for Iron.
These products are being used, are safe, good results.
This is a lady who is a real partner in product evolution.

22:00 Focus of show is to get well and use products the best way we know how
Yes, partnering.

22:42 Blood Pressure 235/135 - 2 years ago
Took blood pressure sample pills.
When she got home, she had a sudden drop in blood pressure and felt like she was run over by a truck.
In two days, the blood pressure was 80/35.
Doctor wouldn't talk to her when she phoned.
Felt like crap on a blood pressure/diuretic.
High blood pressure again. Low thyroid.
Normal at home; spikes at doctor's.
Slept 48 hours after initial dose of RNA Drops.
Euphoria the first couple of weeks.
Taking liquid iodine.
Body says it's fine; brain body connection needs help.
ReAline will help take out the trash which will help with fatigue.
ReLyte would give you iodine and other minerals you need.
Drop back on the Vit D because you don't want too much calcium grabbed on.
Blood vessels are too tight and react to stress.
More magnesium; copper in ReLyte.

31:15 In Canada don't have RBC Magnesium
Do you ever use taste as an indicator?
As in zinc taste test.
Good thought. You'd have to experiment.
Ones who needed the most magnesium, they didn't taste it or it tasted sweet.
Magnesium and Lyme's Disease?
RNA Drops and ReMag - number of testimonials
Lyme organisms hate magnesium.
Do Drops change something or compensating?
98% of latent cell material is organized and coherent.
Make new double helix strands of DNA.

38:44 Quadrihelix in the news.
The fascination of RNA Drops
Environmental Effects

Practitioners pass the good information.
ReMag people become evangelists for Magnesium.
Passing around The Magnesium Miracle
It's a fantastic product, and it's Carolyn.
ReMag is incredibly affordable. All our products are.

41:55 Afib and Magnesium
Permanent Afib for 3-4 years and contemplating ablation.
From book, people converted to sinus rhythm by using
magnesium. Is it possible?
Rest of health in general is good.
Doctors can find no cause for the Afib.
Shares testimonial from amazon.com from reader,
author of Beat you're a-Fib..., recommended The Magnesium
Miracle.
Magnesium is coming to the fore that magnesium can be
helpful.
Magnesium RBC levels at requestatest.com. If they are low,
it is quite likely that taking magnesium would help your
systems.
Other minerals in the testimonial are needed, like in our
product ReLyte, even iodine for thyroid function.
It's all connected.
Permanent Afib with ablation and ablation didn't work.
Then, magnesium support helped.
Dr. Carolyn explains the importance of magnesium to heart
function and how magnesium works in the heart.

49:10 Something flew on my eyelid when I was outside and bit or
stung me.
Golf ball size swelling underneath eye. One drop of RNA Drops
underneath with natural swelling products.
Swelling went down after a few days.
1 drop of RNA Drops every day after that. On the inside there
are two beebie like spots that are deforming my eye lid.
RNA Drops on my eye. Eye cup and saline solution without
preservatives. One or two drops into the saline solution in an
eye cup and hold cup up to the eye and blink.
Use organic castor oil - one drop straight in the eye.
That will coat your lids. Do that at night. Good detox. Have it
in all night without blinking. Will act like a poultice.
Could be a bit of a stinger.
Sting - suck as hard as you can to get stinger out.
Then, use a clay poultice.
RNA Drops during day and castor oil at night.
