

5-19-14-1 2:40 Medscape Article, Top 100 Most-Prescribed Top Selling Drugs
They make \$6.8 billion per year.
Anti-Psychotic Abilify is Top
Nexium is No. 2 – it kills your magnesium. Ran out of
patent and will go over the counter.
Most of the symptoms these drugs address are magnesium
deficiency symptoms.
Yeast overgrowth causes heart burn.
These numbers are absurd, because the illnesses are
related to need for nutrients.
It's total craziness that we have accepted these drugs are
the way to treat our bodies.
Thank goodness we have our website up and going through
growing pains.
People really seem to do so well on this handful of
Completement Formulas.
The products were kind of a side bar to what we were
working on.
That's why I wasn't so hands on before.
Outpouring of positive testimonials and people happy
there is a new website.
It's important for people to get these basic nutritional
products.
People have gotten into a disconnected, less than, take care
of me position that is making everyone sicker and sicker.

8:10 Phones were slammed with orders.
Gone through hard lunch.
People who are ordering by phone.
A desperation to feel good.
A woman who was laying in her bed and was trying to order
magnesium, and her RBC test was 1.2.
She has been on prescription pills for migraines for 3
years.
If people used to want to be told want to do, the tide is
turning. People want to do what is right for them.
I hear who want to feel good.
I want people who want it to be easy and affordable.
I hear confidence in this simple, elegant, effective product.
You should be so happy that you'd be dancing on your
roof top naked but you won't because it's normal for you.
iON says.

12:31 In our little corner of the world we are making a difference.
As the population gets sicker and sicker, they are dropping
the range for Magnesium RBC.
Clients managing on ReMag/ReLyte. Had a sugar dessert
over the weekend. Was short of breath. Doctor suggested
pulmonary embolism and said to go to the hospital.
Hospital they refused to let her take her magnesium.

They wanted to put her on a blood thinner with 12 fluoride molecules.
That would have killed her magnesium.
She wanted to sign herself out of the hospital.
You haven't found a blood clot so I want to go home.
No insurance coverage without doctor's permission to live.
The client was imprisoned in the hospital.
It's important you stay healthy. They do not know anything about nutrients. If you have a nutrient deficiency, they are going to give you drugs.
Everything is so commercialized.

15:57 We are offering complement to people on the radio every week for a couple of hours.
Creating a process where people can take care of themselves.
These products are not being created to make money for anyone at the moment.
They are giving you substances that are most beneficial to your body.
Taking responsibility for the website now.

20:15 Flexible ordering.
Getting what you need when you need it.
Will eventually be having Paypal.

23:18 Day and night hot flashes. Gyne wants to do hormone replacement.
Doesn't want to take hormones because I'm afraid of cancer.
Hysterectomy 15 years ago but has ovaries.
Takes calcium channel blocker and ace inhibitor.
Magnesium is natural calcium channel blocker.
